Scripture: Oye Mathew 14:22-32

Preached by Rev Sam Oye. Scripture: Oye Mathew 14:22-32

Transcript

YEAR OF GREAT GRACE!

HOW TO TRIGGER THE SUPERNATURAL POWER OF GOD (part 1)

By Rev Sam Oye

Mathew 14:22-32

7 THINGS TO KNOW ABOUT GOD S POWER

1. God s power is unlimited-

The power of God is unlimited in its nature by its nature. What this means is that there is nothing too strong, too big, and too small; no gulf too wide, no mountain too high, no jungle too thick, no wave so strong that can defy the power of the Almighty God. Man is limited, the ability of man, his influence is limited, even the president of any country or all the countries together is limited. Even mighty nations, world powers are limited. It is only God whose power is unlimited in nature and expression. This is the one we call the Alpha of all things, the Omega of everything and still remains the in-between in his silent moment.

2. God s Power is irresistible -

As powerful as the forces of nature can be, as powerful as storms and hurricanes can be, it does not measure even close to the power of God. If God made these things to be so irresistible, who can stop the God who made things?

3, God s Power is miraculous -

It overrules the laws of nature. We are living witnesses that we serve a God who is miraculous. He can suspend the rules of nature. He likes to do things that are beyond human explanation. God is not God if what He does is within the context of human explanation.

4. God s Power is sufficient -

There is nothing you need that the power of God cannot bring into your life.

5. God s Power is supernatural in all ramifications.

6. God s Power is unstoppable -
No force on earth can stop Him.

7. God s Power is transformative-
This power can change your life completely.

What is God s Power?

God s power is the divine ability that makes things happen through the life of mortal men and mortal women. When this power comes upon you, things will begin to happen. No man carries the power of God to a dead environment and the environment stays dead. The Power of God is transferrable. This means that where a person has the power of God, he can transfer that power to another person. Where that power is transferred to you, the greater work you will do. (John 14:12).
